linkedin.com/in/bernardofbbraga
Vitória, ES – Brazil

Extensive experience in representing information in real-time dashboards, mobile and narratives. Started and led two start-ups through funding pitches, customer relationships and product development. Created a data annotation tool that reduced cost in 38% while increasing tag count by 283%. Led a team of 4 as an employee. Looking for a cooperative environment to create engaging user experiences.

WORK EXPERIENCE

INTELIE (2021)

Product Team Leader

- Led and managed a team of 4
- Managed OKRs
- Planned roadmap of Augmented Intelligence tools
- Built user analytics and Microsoft Teams integration

INTELIE (2018 – 2020)
